NORTH CAROLINA'S TRAUMA CENTERS
June 2006

LEVEL I TRAUMA CENTERS:	**Carolinas Medical Center, Charlotte (II: 1986) (I: 1990)***
	Duke University Hospital, Durham (1982)
	North Carolina Baptist Hospital, Winston-Salem (1982)
	Pitt County Memorial Hospital, Greenville (II: 1983) (I: 1985)
	University of NC (UNC) Hospitals, Chapel Hill (1982)
	WakeMed Health & Hospitals , Raleigh Campus (II:1987) (I:2006)
LEVEL II TRAUMA CENTERS:	**Mission Hospitals, Asheville (1995)**
	Moses H. Cone Memorial Hospital, Greensboro (1984 – 2000) (2001)
	New Hanover Regional Medical Center, Wilmington (1989)
LEVEL III TRAUMA CENTERS:	**Cleveland Regional Medical Center, Shelby (1997)**
	High Point Regional Health System, High Point (2006)
	Northeast Medical Center, Concord (2000)

*Dates signify 1st year of state designation. Centers are revisited 3 years after their first state designation. Thereafter, they must go through a state renewal visit every four years. However, if they also wish to seek/maintain ACS verification/reverification, the hospitals will probably seek a renewal visit (coupled with an ACS visit) every three years to address the three year review requirement set by the ACS.
